- Glass probe for PH and ORP
- Warnings & alarms on display
- Diagnostic program and event history for easy maintenance

NORSUP 3 YEARS WARRANTY

NORSUP UV DESINFECTATION SYSTEM SUPERNOVA

Norsup Supernova UV disinfection system provides clean, fresh and clear water in an efficient and environmentally friendly manner. Specially designed Duplex housing makes this UV disinfection system suitable for all kinds of pools (Chlor based, salt based, bio pools etc). Norsup has chosen the Amalgam lamp to replace the traditional UV-C lamp in order to ensure a higher, more stable UV-output.

Norsup Supernova Timer is an upgrade of the Norsup Supernova. It has a LED display to indicate the status of the Amalgam lamp. With the timer function you will always know when it is the right time to replace the lamp.

FEATURES

- Provides fresh, clean and clear water
- Efficiently and safely disinfects water
- Amalgam lamp instead of traditional UV-C lamp (for 120W version)
- Flow switch included for 120W model
- Duplex housing suitable for Chlor pool, salt water pool & Bio pools
- Protects your pool against pathogenic organisms
- Keeps the formation of mould, bacteria and algae under control
- Can reduce the use of chlorine and other chemicals by up to 80%
- Prevents chlorine smell and irritation of skin and eyes
- Better for the environment than traditional methods
- Has an electronic ballast for an even power supply
- Straightforward installation and maintenance
- Earthed
